Government Notice

A PUBLIC HEARING ON REFERRAL SALES AND PYRAMIDING OR MULTI-LEVEL PRACTICES IN ONTARIO

Honourable Bert Lawrence, Q.C., Minister of Financial and Commercial Affairs of Ontario, has appointed a Committee to enquire into and report and make recommendations regarding the above practices, and any related matter.

REFERRAL SALES

Referral selling is a practice whereby certain door-to-door salesmen and others lead a consumer to believe that the purchase price will be defrayed in part, or that some reward will be given, by suggesting names of others who will also buy, test or use the product or service.

Certain problems suggested are:

1. Some of the articles or services appear to be sold at inflated prices.

2. In some instances the customer has not been made aware of the need to pay the full price regardless of his success in referrals.

3. Some customers do not appear to have been made to realize the mathematical improbabilities of unrestricted referrals.

PYRAMIDING OR MULTI-LEVEL DISTRIBUTING

Pyramiding or multi-level distributing is an arrangement whereby the original distributor recruits members of the public as investors to act as wholesalers or distributors, with a further right to those investors to recruit further investors-distributors for such purpose. This leads to a number of field representatives whose status within the organization is generally determined by the amount of money invested or inventory purchased.

Certain problems suggested are:

1. Some investor-distributors are not made aware that they become purchasers, not just salesmen, of the products.

2. Some investors-distributors are not made aware that there are no defined areas of operation for them, and the market may be saturated.

3. Some investors-distributors are not made aware of the mathematical limits to the sale of distributorships.

The Committee will be pleased to receive from any person or organization:

(*a*) Briefs;
(*b*) Letters;
(*c*) Oral Representations.

Briefs and correspondence should be addressed to:

Mrs. D. A. Stafl,
Department of Financial and Commercial Affairs,
555 Yonge Street,
Toronto 5, Ontario,

and should be delivered or mailed by October 15th, 1970.

A Public Hearing Will Be Held on *Monday, October 26th* and *Tuesday, October 27th, 1970* at 10.00 a.m., 2.00 p.m. and 8.00 p.m., in the Huron Room, 2nd Floor, Macdonald Block, Parliament Buildings, main entrance Wellesley Street (between Bay Street and Queen's Park Crescent), Toronto.

TWO LIBRARIES IN ONE COUNTY

29. Where sittings of the Supreme Court are held in two or more places in a county, the association of that county may establish a library in each such place, and, where more than one library has been so established, the amount of the annual grant from the Society to the association may be increased by an amount not exceeding 50 per cent of the grant that would otherwise be made.

BOOKS HELD IN TRUST

30. The trustees of an association shall hold the books of its library in trust for the Society and in case of the dissolution or winding-up of an association or the disposal of its property, it shall return the books to the Society.

APPLICATION OF FUNDS

31. At least one-half of the fees received by an association from its members and the whole of the aid at any time granted to the association by the Society shall be applied in the purchase, binding and repairing of books for its library and in paying for telephone service and the salary of its librarian.

ANNUAL REPORTS

32.—(1) Every association shall make a report to the Society before the end of February in each year showing the state of its finances and of its library as of the close of the previous calendar year, together with such other information as may be required by the Committee.

(2) If the Committee is satisfied that an association has complied with the regulations applicable to county law libraries, it shall make a report thereon to Convocation.

FIRST-YEAR GRANTS

33. The Society's grant in aid to an association for its first year shall be a sum equal to double the amount of,

(*a*) the contributions in money actually paid to the association; or

(*b*) the value of the books actually given to the association from all local sources,

but the amount of such grant shall not exceed $100 for each member of the Society in the county who is a member of the association.

ANNUAL GRANTS

34.—(1) The Society's grant in aid to an association for each year after the first year shall, subject to subsections 2, 3 and 4 and section 35 be a sum equal to double the amount of the fees actually paid to the association by its members up to a maximum of $35 for each member, unless Convocation otherwise directs having regard to the report of the Chief Librarian on the condition of its library and its requirements.

(2) In addition to the annual grant provided for by subsection 1, each association whose library is reported on satisfactorily by the Chief Librarian is entitled to receive a sum equal to two-thirds of the amount actually paid out by the association for telephone service and

the salary of its librarian, but the amount of such additional sum shall not exceed $200 except in the case of an association having a membership of fifty or more, in which case the amount thereof shall not exceed $300.

(3) Where the Chief Librarian makes a special report in favour of an increased grant and the Committee so recommends, the amounts of the additional sums mentioned in subsection 2 may be increased to not more than $400 and $600 respectively.

(4) Where the sum that would be paid to any association by way of annual grant in any year under subsections 1, 2 and 3 is less than $750, the grant may be increased to an amount not exceeding $750 if the Committee is satisfied that the association has received a reasonable amount in fees from its members who are members of the Society or are judges or justices of the peace, that the number of its members paying association fees is a reasonable proportion of the members of the Society in the county and that the regulations applicable to county law associations have been complied with.

(5) Where an association has complied with the regulations applicable to county law libraries, all sums making up the annual grant payable to the association shall, on the recommendation of the Committee, be paid before the end of March.

SPECIAL GRANTS

35.—(1) When any association that has been established for at least two years and that has regularly made the required returns and that has complied with the requirements of the regulations applicable to county law libraries satisfies Convocation that the association is unable to purchase such reports or text books as are necessary to make the library thoroughly efficient and useful having regard to the locality in which the library is established and the number of members of the Society who are members of the association, or that it requires financial assistance in any way, Convocation, on the recommendation of the Committee, may make a special grant either of books or of money to the association or may advance by way of a loan without interest to the association a sum not exceeding the estimated amount of the next three years' annual grants.

(2) Any loan made under subsection 1 shall be repaid out of future annual grants or otherwise in such manner as Convocation may direct.

(3) Security may be required to be given to the satisfaction of the Committee for the due expenditure of any money grant or loan made under this section or for the repayment of any such loan.

(*b*) the total sum to be paid to the County of York Law Association in any year shall not exceed $3,500.

SUSPENSION, REDUCTION, ETC. OF GRANTS

37.—(1) Where an association does not comply with the regulations applicable to county law libraries, Convocation may suspend all or part of any grant otherwise payable for such time as Convocation directs or may make a reduced grant or may refuse to make any grant.

(2) Where the failure to comply consists only in the failure of an association to transmit to the Chief Librarian of the Society its annual report on or before the end of February and where this failure is rectified before the end of May in the same year, the Committee shall make a special report to Convocation and Convocation may either refuse to make the annual grant or may grant a lesser sum than the sum that would otherwise be payable.

(3) Where the failure to comply continues beyond the end of May, the grant that would otherwise have been payable to the association except for such default shall, if made, be reduced by 10 per cent.

USE

38. County law libraries are for the use of,

(*a*) paid-up members of any county law association;

(*b*) members of the Society from outside the county while in the county on legal business;

(*c*) Supreme Court judges, county and district court judges, provincial judges, and justices of the peace; and

(*d*) the members of administrative or quasi-judicial boards or commissions or other tribunals established or provided for by any Act while exercising their functions in the county.

39.—(1) If in the opinion of the Committee a county law library is not being properly cared for or for any other reason it is not being satisfactorily maintained, the Committee may, with the approval of Convocation, require the trustees of the association to return the books comprising its library to the Chief Librarian at Osgoode Hall at the expense of the association in which case the trustees shall so do.

(2) If the trustees do not return the books when required or if there are no trustees capable of acting or willing to act, Convocation may take such steps to obtain the books as they consider advisable, and any expense incurred in so doing shall be paid by the association to the Society.

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"The Honourable the Lieutenant Governor doth thank Her Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Bill in Her Majesty's name."

The Honourable the Lieutenant Governor was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of the Legislative Assembly of Ontario:

The Third Session of the Twenty-eighth Parliament of Ontario concludes at a time of deep concern on the part of all Canadians. The closing days of your deliberations have been conducted against a background of criminal challenge to the democratic system of government of our country that concerns all Canadians. The calm and responsible approach taken by this Legislature towards the actions of a small but significant number of men and women who attacked the people, government and democratic institutions of our neighbouring Province of Quebec, contributed substantially to the maintenance of the basic stability, strength and unity of Canada.

The events in Quebec give renewed impetus to the process of constitutional review, an acceleration fully supported by the Government of Ontario. At a federal-provincial meeting of leaders of Government in September, it was resolved to pursue fresh courses which it was hoped would accelerate the pace of the review and lead to the patriation of the British North America Act to Canadian jurisdiction.

The work of the Legislature was enhanced during the Session by the adoption of new Standing Orders, the first major revision of operating rules since 1939. The adoption of new rules for the question period, the consideration of departmental estimates by Standing Committees and the streamlining of procedures for consideration of Bills have greatly improved the efficiency with which you dealt with your business. I commend you for your initiative in revising so successfully your procedures.

The large number of measures which you have considered with diligence and energy during this heavy and rewarding Session assure the continued vigorous and dynamic growth of Ontario. I am pleased to note that you have scrutinized and approved the spending estimates of the various departments of the Government and have found the affairs of the Government to be in excellent order.

A balanced budget was presented providing a stimulus to the economy of our Province. Essential provincial expenditures were maintained. Provincial aid to municipalities and individuals was greatly increased without raising taxes. While achieving this, the Government also reduced taxes in the areas of succession duties and retail sales tax on production machinery.

Equally high priority was given to ensuring the stability of our economy, the creation of new jobs for our expanding work force and to substantially offset trends towards growing unemployment.

Highest priority has been given to tax reform and the relief of the municipal taxpayer. Thus, there were new programs of tax relief to needy pensioners and to farmers.

There was a large increase in provincial support for local education, road construction and maintenance, and municipal sewage disposal projects. In addition, the long-term program of tax reform was advanced by assuming the cost of property assessment, allowing municipalities to partially tax university properties and permitting the taxation of smelters in mining municipalities. These measures, along with such related activities as basic shelter grants and the assumption of the cost of the administration of justice by the Province, resulted in a reduction during the last two years of more than $400 million in the property tax burden of municipal ratepayers.

During the Session, the Government continued its efforts to contain overall expenditures to avoid tax increases and to improve the efficiency of the operation of the Government. Within this overall policy of constraint, improved services in a number of priority areas were financed. A new mortgage fund was established to assist potential home owners in securing first mortgages for new buildings. There was a broadening of the benefits available under the Ontario Health Services Insurance Plan, a large increase in subsidies for day nurseries and substantial increases in many social assistance programs.

Measures to ensure the most efficient use of public funds were carried out on an overall Government basis and within each department. As but one example, these efforts resulted in one department reducing a major facet of its cost of operation by nearly 15 per cent.

To ensure that the machinery and management of the Government is the most efficient possible, the Committee on Government Productivity was appointed and is now well advanced in its tasks. Its first recommendations are expected to be made to the Cabinet in the near future.

Members participated in a full debate of the Ontario proposals for tax reform in Canada. This debate demonstrated that the Government and the Legislature are generally agreed on the objective of seeking a sound and workable national tax system which will fully serve Ontario taxpayers and be in the best interests of all Canadians.

In addition to proposals for the relief of municipal taxpayers, other initiatives were taken to ensure effective involvement of municipalities in the development of our Province and to assist them in providing more efficient service to their residents. In April, Honourable Members took part in the first Provincial-Municipal Conference, which inaugurated a new phase in the partnership between the municipalities and the Government. This Conference was followed by meetings between Ministers and a specially designated Municipal Liaison Committee.

In addition, measures were approved during the Session to permit the Ontario Municipal Improvement Corporation to purchase debentures, for any purpose, from municipalities of under 20,000 population so that these municipalities may provide a consistent level of service at a time when the capital market is experiencing some uncertainty.

Legislation was approved to create the Regional Municipality of York and the District Municipality of Muskoka. Local Government reviews were received for the Waterloo and Sudbury areas.

A number of significant policy initiatives were undertaken to establish a regional economic and land use policy in Ontario. One of the most important steps announced in the Legislature and discussed at various times during the course of the Session, was the presentation of "Design for Development: Toronto-Centred Region". This plan outlines a concept for the orderly and planned development during the final decades of this century for that part of Ontario within a 90-mile radius of Toronto. "Design for Development: Northwestern Ontario", a series of policy recommendations for the growth and development of the largest geographic region of the Province, was presented last month.

In response to the urgent need to prevent further deterioration of the invironment, the Government took positive steps which will reduce pollution and enhance the quality of the invironment. The Waste Management Act, which became effective on September 1st, gives wide powers to the Government to investigate waste management problems and establish disposal sites. To emphasize the urgency of municipalities, industries, utilities and institutions installing extensive pollution control equipment as quickly as possible, legislation was passed to provide both incentives and loans for pollution abatement equipment. Penalties applicable to those who pollute our waters were substantially increased.

The co-ordination of programs to control pollution in the Great Lakes is another urgent problem which occupied the Government and the Legislature. The Government provided international leadership to secure joint action between the Governments of Canada and the United States, our neighbouring Provinces and the eight Great Lakes States. The Great Lakes Environmental Conference, convened by the Government in September, recommended the extension of the powers of the International Joint Commission to deal with the Great Lakes pollution. An action committee of the States and Provinces is now co-ordinating these efforts in the Great Lakes Basin.

As further action within Ontario, the Department of Health and the Ontario Water Resources Commission carried out a systematic study of water quality and pollution in some of our more intensively used recreational areas. Recommendations have been made which will result in new requirements for disposal systems at summer cottages.

The policy of the Government to preserve the unique natural features of the Niagara Escarpment was placed before the Members. As a means of protecting this important recreational area, legislation was passed for the protection of the Escarpment and for the regulation of the location and operation of gravel pits and quarries on and adjacent to the Escarpment.

The intention to consolidate and co-ordinate in the reorganized Department of Citizenship of the many programs which assist and encourage the individual to become an active, contributing and involved member of our society was announced in the Speech from the Throne. Much of this consolidation has now taken place and the Total Citizenship Program has been launched. A Community Development Branch has been established to encourage greater participation and involvement of the people of Ontario in community affairs and in the decisions which affect their lives. In partnership with local municipalities and private agencies, experimental community information centres are being created.

Since the transfer of the Indian Community Development Branch to the Department of Citizenship, our

native people are receiving substantial additional help towards greater social, economic and cultural development in their own communities.

The Government announced, during the Session, that significant changes will take place in the provincial health insurance program. The administration of hospital and health care insurance will be brought together in a single, integrated plan to be administered by a Health Insurance Commission.

Many of the principles recommended by the Honourable J. C. McRuer in his eminent study of civil rights have been enshrined in the Statutes for the benefit of the people of Ontario. Among these is the provision of public participation in the administration of The Law Society of Upper Canada as part of the continuing program of improvements in the administration of justice in Ontario.

During the course of this Session, approval was given to significant amendments to The Labour Relations Act to further harmonious relations between employers and employees. Careful consideration was given to the need to stabilize labour relations in the construction industry to ensure that union members are represented fairly at all levels and that the wishes of the members of Ontario's work force are accurately reflected in the process of collective bargaining.

Approval was given to the implementation of The Women's Equal Employment Opportunity Act to protect against discrimination in employment on the grounds of sex or marital status.

Additional benefits for Ontario's work force were enacted through The Employment Standards Act. The minimum wage was revised upwards.

The creation of The Ontario Educational Communications Authority is an important step forward in the extension of educational facilities in Ontario. Through its new Channel 19 television outlet in Toronto, the Authority is now able to provide a comprehensive schedule of educational programs to a significantly large segment of the population of Ontario in addition to providing educational programs to other television stations throughout the Province.

The proposal to reconstitute the Department of Mines as the Department of Mines and Northern Affairs was announced in the Speech from the Throne. In the intervening months, the Northern Affairs Branch was created to provide the people of Northern Ontario with a division of the Government geared specifically to their unique needs.

Two programs of special financial assistance to Northern Ontario were launched. In the first, the Northern Ontario Development Corporation was created to assist the expansion and development of business. In the second, a fund was created to provide loans to assist operators of tourist facilities to extend their season or winterize accommodation for year-round facilities.

During the Session, the Province entered into a new five-year Federal-Provincial cost-sharing Rural Development agreement. The new agreement holds great promise as a means of providing a fresh climate of opportunity for those members of our rural community who have been adversely affected by technological change.

A major legislative step was the adoption of The Business Corporations Act. The new Act completely revises and consolidates previous statutes dealing with incorporated businesses.

Other items of legislation affecting the business community were included in amendments to The Loan and Trust Corporations Act, The Insurance Act and The Investment Contracts Act. Amendments to The Consumer Protection Act clarified the obligation of a person who receives unsolicited credit cards or goods.

A new direction in the development of transportation policy took place during the Session. While the federal government has historically accepted jurisdiction in air, rail and water facilities, the Government of this Province recognizes the importance of these general areas to the people of Ontario in the continued development of this Province. The Government is putting forward the provincial interest in all current transportation and communications hearings.

Greater emphasis on the development of various types of transportation systems for use in Ontario, especially in urban areas, was evidenced during the course of the Session. The introduction of new GO-Transit experiments and the extension of Go-Transit service involving the use of buses are examples.

The objective of the Government is to create the most realistic and balanced transportation system available. To this end a new branch of the Department of Highways was created to evaluate immediate transportation needs, improve conventional facilities and to carry out research into and test experimental systems and future types of equipment. Municipalities were given greater financial assistance in the preparation of planning and engineering studies on all forms of transportation so that, in concert with the provincial studies, systems of transportation will be developed which meet the specific needs of the people of Ontario.

The highway construction program was advanced during the course of this Session, with the opening of Highway 144 linking Sudbury and Timmins, the official opening of the Thunder Bay Expressway, the continuation of the massive program to widen the Macdonald-Cartier Freeway and Highway 27 in the Metropolitan Toronto area and the start on the East Main Street tunnel under the Welland Canal. In addition, major contracts were awarded for the Highway 417 freeway between Ottawa and the Quebec boundary and Highway 416 between the Macdonald-Cartier Freeway and Kemptville.

Among other legislative highlights of this Session were further amendments to liquor legislation, a program for the licensing and regulation of lotteries and the introduction of a plan under which the people of Ontario are assured of obtaining quality prescription drugs at reasonable cost.

One of the most exciting moments of the year occurred in Osaka, Japan, where, on July 16th, the people of Ontario were honoured on Ontario Day at EXPO 70. On that occasion—held by many to have been the outstanding "Special Day" of the Exposition—more than one thousand Japanese children participated, before an audience of some 10,000, in the demonstration of our friendship with all people of the world. I join with the people of our Province in extending congratulations and appreciation to the young hostesses, hosts, Ontario Provincial Police officers and the staff of the Ontario Pavilion at EXPO 70. They were extraordinary ambassadors of goodwill for Ontario and Canada. They contributed immeasurably to the spirit of harmony and goodwill which was evident throughout the 1970 world exposition.

The Third Session of the Twenty-eighth Parliament of Ontario was lengthy and fruitful. Legislation of great importance to the people of our Province was placed before you, scrutinized and approved.

By your actions, the residents of Ontario are assured of a richer, more fulfilling life.

In declaring this Session prorogued, I pray that under the guidance of Divine Providence each of you will have a safe and enjoyable holiday with your families and the people of your constituencies.

PUBLIC HEARINGS

MINISTER'S COMMITTEE ON FRANCHISES

ONTARIO

The Committee on Franchises will conduct a series of Public Hearings in January to provide an opportunity to individuals and organizations to present their views and experiences on franchising.

Franchising is a system whereby one person, a franchisor, authorizes another person, a franchisee, to distribute goods or services under a marketing plan devised by the franchisor. Under the franchise plan the franchisee uses the franchisor's trademark or other commercial symbol and maintains uniform practices outlined in the franchise agreement. Such plans are now common in many and varied types of businesses.

The Committee will consider all aspects of the relationship between franchisors and franchisees. Some problems suggested to the Committee concern the promotion, content, and method of termination of the franchise agreement.

Public Hearings will be held:

Monday,	January 18, 1971	— 10:00 a.m. and 2:00 p.m.
Tuesday,	January 19, 1971	— 10:00 a.m. and 2:00 p.m.
Wednesday,	January 20, 1971	— 8:00 p.m.

Place: Huron Room, Second Floor, Macdonald Building, Wellesley Street, Toronto. Entrance: south side of Wellesley Street between Bay Street and Queen's Park Crescent.

The Committee will accept briefs, letters or oral presentations from individuals and organizations. Any person or organization wishing to make representation or requiring further information should contact in writing, or by telephone

REGULATION MADE UNDER
THE EXPROPRIATIONS ACT, 1968-69

RULES OF PRACTICE AND PROCEDURE OF
THE LAND COMPENSATION BOARD

1. In these Rules,

(*a*) "chairman" means the chairman of the Board;

(*b*) "claimant" means an owner who has served or who has been served with a notice of arbitration under the Act;

(*c*) "municipality" has the same meaning as in *The Department of Municipal Affairs Act*, and

includes a metropolitan municipality and its local boards and a regional or district municipality and its local boards;

(*d*) "registrar" means the registrar of the Board;

(*e*) "respondent" means a statutory authority that has served or that has been served with a notice of arbitration under the Act;

(*f*) "rules" means the Rules of Practice and Procedure of the Board as amended or remade from time to time.

2. Except as otherwise provided by statute, proceedings before the Board for any order, decision or determination of the Board other than the determination of compensation pursuant to a notice of arbitration, shall be commenced by notice of motion called an originating notice which shall be served upon all parties affected by the order, decision or determination sought, and shall be filed with the Board and shall be returnable not earlier than seven days and not later than fifteen days after such service.

3.—(1) A notice of arbitration served by an owner as claimant for compensation shall be in Form 1.

(2) The claimant shall file with the Board proof of service of the notice of arbitration served on the statutory authority as respondent within ten days after the date of service on the statutory authority.

4. Where a statutory authority has been served as respondent with a notice of arbitration in Form 1, the respondent shall serve a reply in Form 2 on the claimant within twenty days after service of the notice of arbitration, and shall forthwith after service of the reply file a copy thereof with the Board.

5.—(1) A notice of arbitration served by a statutory authority shall be in Form 3.

(2) The statutory authority shall file with the Board proof of service of the notice of arbitration served on the owner as claimant within ten days after the date of service on the owner.

6. Except by leave of the Board, where a notice of arbitration has been served by a statutory authority, no application for an order appointing the time and place of hearing the arbitration shall be entertained until the owner as claimant has filed with the Board and served on the statutory authority as respondent a statement of his claim for compensation in Form 4, stating clearly and concisely the amount claimed by him the basis upon which such amount is calculated and the facts in support of each element of compensation claimed.

7. Where a claimant has served a statement of claim under Rule 6, the respondent shall within twenty days thereafter serve a reply in Form 5 on the claimant and forthwith after said service file a copy with the Board.

8. Where a respondent denies that a claimant is entitled to any compensation on the ground,

(*a*) that the claimant has no interest in the land expropriated or injuriously affected;

(*b*) that no compensation is payable with respect to the interest of the claimant in such land; or

(*c*) that the claim of the claimant is barred by a provision in the Act or any other statute,

it must raise such denial in its reply, setting out the relevant facts and statutory provisions relied on, and unless the respondent has done so, it may not make such denial at the hearing of the arbitration without leave of the Board.

9. A respondent may, at any time before the Board's determination of the arbitration, file with the registrar under a sealed cover a statement of the amount of the offer of compensation made by it to the claimant under section 25 of the Act, exclusive of any amount in respect of costs, and such statement shall not be opened by the Board until after the amount to which the claimant is entitled is determined by the Board.

10. Except as provided in Rule 9, neither the claimant nor the respondent shall state in any notice of arbitration, statement of claim or reply or otherwise in any document filed with the Board the amount of any offer of compensation or of any payment by the respondent to the claimant under section 25 of the Act or otherwise.

11. Service of documents may be made,

(*a*) in the case of the Crown, on the minister or deputy minister of the department concerned or a person in the department concerned authorized to accept service thereof; and

(*b*) in the case of a municipal or other corporation or a partnership, on the persons prescribed by the Rules of Practice and Procedure of the Supreme Court.

12. Unless otherwise ordered by the Board, no pleadings other than a notice of arbitration, statement of claim and reply under these Rules, are required in an arbitration to determine compensation.

13. The Rules of Practice and Procedure of the Supreme Court relating to examinations for discovery, general rules as to examinations and production of documents apply, *mutatis mutandis*, in proceedings under the Act, and, where the Crown is a party, apply in a like manner as in proceedings against the Crown under section 10 of *The Proceedings Against the Crown Act, 1962-63*.

14. Where a person has been appointed under section 38 of the Act to represent an owner, the opposite party may examine such person in the place of the owner or, at his option, the owner, if he is competent to give evidence.

15.—(1) The registrar shall, as soon as thirty days have elapsed after service of a notice of arbitration on the Board, send to the party who served the notice of arbitration a certificate of readiness in Form 6 in blank.

(2) Subject to Rule 6, upon being furnished with a certificate of readiness, duly completed and signed by or on behalf of all parties, the Board may of its own motion appoint a time and place for hearing the arbitration and shall mail notice of the appointment to the parties.

16. At any time at least thirty days after service of a notice of arbitration, any party may apply to the Board on notice of motion for an order or for leave under Rule 6 to apply for an order appointing the time and place for hearing the arbitration, and when an

order has been made appointing the time and place for the hearing the registrar shall mail notice of the appointment to the parties at least thirty days before the time of hearing.

17. Upon receipt of the notice of appointment of the time and place for hearing the arbitration, the respondent shall at least twenty days before the hearing serve a copy of the notice upon all registered owners and also upon any person known to the statutory authority to be an owner or claiming to be entitled as an owner to any interest in the land expropriated or injuriously affected or to the whole or any part of the compensation that may be awarded pursuant to the arbitration.

18. The Board may, on application of any person having or claiming an interest as an owner in the land or in the compensation that may be awarded pursuant to an arbitration, add such person as a party to the arbitration proceedings either as a claimant or a respondent on such terms as it considers proper.

19. At the commencement of a hearing to determine compensation the respondent,

(*a*) where the arbitration relates to an expropriation, shall file a copy of the certificate of approval of expropriation under section 8 of the Act, the plan of the expropriated land and proof of its registration in accordance with section 9 of the Act; and

(*b*) shall file an affidavit proving service of the notice of appointment for the hearing in accordance with Rule 17 and that the persons served are all persons required to be served under Rule 17.

20. Subject to the rules, the procedure at the hearing of any proceedings shall be such as the Board may direct.

21. Except on such terms as the Board considers proper, no evidence may be tendered by the claimant at a hearing to determine compensation for expropriation of land of any offer to purchase the land made to him by any person other than the respondent at any time prior to the expropriation unless he has served on the respondent not later than fifteen days before the hearing, notice of his intention to call such evidence with particulars thereof.

22. A summons to a witness under subsection 4 of section 28 of the Act shall be in Form 7 and shall be issued in the name of the Board by the registrar at the request of a party and shall be served personally on the person to whom it is addressed together with the fees and allowances for his attendance as a witness as are prescribed for attendance of a witness before the Supreme Court.

23.—(1) Except where these Rules otherwise provide, any application to the Board of an interlocutory nature in connection with any proceeding shall be made in writing and shall state the style of cause of the proceedings and the grounds upon which the application is made.

(2) If the application is made with the consent of all parties it shall be accompanied by consents signed by or on behalf of the parties.

(3) If the application is not made with the consent of all parties, then, before it is made, a notice thereof shall be served by the applicant upon all other parties, and proof of service thereof shall be filed with the Board

(4) Any party who wishes to oppose the application shall, within seven days after receiving a copy thereof, mail or deliver written notice of his opposition to the registrar and to the applicant and before making any order the Board shall consider any such opposition and if so required by any party shall give all parties an opportunity of appearing before the Board.

24. The Board may give such directions as to the practice and procedure to be followed in any proceeding before it as it considers proper to determine the real question at issue between the parties.

25. Where, in the opinion of the Board, an amendment to any document filed with the Board is necessary for determining the real question at issue between the parties, the Board may direct the amendment upon such terms as the Board in its discretion considers proper.

26. The Board may enlarge or abridge the time appointed by the rules for doing any thing or taking any proceeding, upon such terms as the Board considers proper.

27. The Board may from time to time adjourn any proceeding before it.

28. No proceeding before the Board shall be defeated or affected by any technical objection or by any objection based upon defects in form.

29.—(1) Unless otherwise ordered by the Board, the party serving the notice of arbitration shall prepare the formal order made by the Board in Form 8 and submit it to the other party for approval, and if the parties fail to agree on the form of the order, the order shall be settled by the Board.

(2) When settled, the order shall be engrossed in duplicate and left with the registrar to be signed by him and sealed and entered in the book kept for that purpose.

30. The forms hereto are prescribed for use with such variations as circumstances or the nature of the application require and, where no form is prescribed, the forms prescribed by the Rules of Practice and Procedure of the Supreme Court may be adopted *mutatis mutandis*.

31. All notices of arbitration, statements of claim, replies, orders or other papers or documents to be served, filed or prepared under the rules shall be printed, typewritten, written or reproduced legibly upon one side of good quality paper eleven inches by eight and one-half inches with a margin upon the left hand side.

(*b*) by publication in one or more newspapers or periodicals having a general circulation among or distribution to producers,

but, where the County Pork Producers' Association fails to give the notice to producers in any county, the local board shall arrange for such publication or posting of notices as it considers necessary or advisable, at the expense of the local board.

13. If for any reason the nomination of members to the Area Pork Producers' Council is not held on the date fixed, the local board shall fix a day as soon as is practicable for that purpose.

14.—(1) For the purpose of a nomination meeting and, where applicable, an election under subsection 7 of section 16, the registered producer of hogs present at the meeting shall elect a chairman.

(2) The meeting shall be called to order by the chairman.

15.—(1) If any objection is made at the meeting that any person nominated or present and taking part in the nominations is not a producer of hogs in the county, the chairman may accept a majority decision of persons present at the meeting in respect of the objection and such decision upon acceptance by the chairman is final.

(2) Every nomination shall be in writing, shall state the name and address of the nominee, shall be signed by the proposer and seconder, both of whom shall be producers of hogs in the county, and shall be filed with the chairman within one hour after the opening of the meeting.

(3) Failure to comply with subsection 1 or 2 does not invalidate any nomination if it is received and accepted by the chairman.

16.—(1) Where a proposed nominee is not present, his nomination paper is not valid unless the proposer and seconder confirm that the nominee consents to be so nominated.

(2) When the time for nomination at the meeting

expires, the chairman may require assurances from each nominee of his willingness to stand for election to the Area Pork Producers' Council from the county.

(3) Where the number of persons nominated and willing to stand for election is the number of persons mentioned in respect of the county in section 7, the chairman shall declare those persons elected to the Area Pork Producers' Council.

(4) Where the number of persons nominated and willing to stand for election to the Area Pork Producers' Council in respect of the county is fewer than the number of members mentioned for the county in section 7, the chairman may extend the time for nominations for not more than one-half hour and if at the end of such extended time the number of persons nominated and willing to stand for election is fewer than or is the number of persons mentioned in respect of the county in section 7, he shall then declare those persons to be members of the Area Pork Producers' Council for the county.

(5) Where the number of persons nominated and willing to stand for election is more than the number of persons mentioned in respect of a county in section 7, the chairman shall prepare and post up at the meeting a list of names of the persons nominated at the meeting.

(6) The chairman shall give each nominee at the meeting an opportunity to be identified.

(7) With the consent of the majority of the registered producers present at the meeting, the election to the Area Pork Producers' Council for the county shall be held at the meeting by secret ballot.

17.—(1) Where the majority of the registered producers of hogs present at the meeting do not consent to an election under subsection 7 of section 16, the first Tuesday in March is fixed as the day for the election in each county of the members of the Area Pork Producers' Council.

(2) The time of voting in an election under this section shall be from 11 a.m. to 6 p.m.

18.—(1) Where the number of persons nominated and willing to stand for election is more than the number of persons in respect of a county mentioned in section 7, the County Pork Producers' Association shall arrange for polling places as follows:

1. One polling place in each county mentioned in section 7 from which two members may be elected to the Area Pork Producers' Council.

2. At least one polling place but not more than two polling places in each county mentioned in section 7 from which three members may be elected to the Area Pork Producers' Council.

3. At least one polling place in each county in which more than three members may be elected to the Area Pork Producers' Council but not more polling places in each county than one for each three members or part thereof.

(2) The County Pork Producers' Association shall arrange accommodation for each polling place arranged under subsection 1 and not later than the 20th day of February shall notify the local board of the particulars of the accommodation arranged.

(3) Where the County Pork Producers' Association fails to notify the local board in accordance with subsection 2, the local board shall arrange the accommodation at the expense of the local board.

19. At least ten days before polling day the County Pork Producers' Association shall give notice to the producers of hogs in each county of the day, time and place of the election,

(*a*) in writing; or

(*b*) by publication in one or more newspapers or periodicals having a general circulation among or distribution to producers,

but, where the County Pork Producers' Association fails to give such notice to producers in any county, the local board shall arrange for such publication or posting of notices as it considers necessary or advisable.

20.—(1) The Board shall appoint a Returning Officer for each county in which an election is to be held of the members of the Area Pork Producers' Council for that county.

(2) Where more than one polling place has been arranged in any county by the County Pork Producers' Association or the local board, as the case may be, the Returning Officer shall appoint a Deputy Returning Officer for each of the polling places in the county.

21.—(1) The Returning Officer shall arrange for,

(*a*) a supply of ballot papers sufficient for the taking of the vote with the names of the nominees on each ballot paper;

(*b*) ballot boxes;

(*c*) compartments for voting; and

(*d*) such other equipment and supplies as may be required for the taking of the vote.

(2) Each Returning Officer or Deputy Returning Officer shall post up in each compartment printed directions for the guidance of voters in voting in the following Form:

FORM

PRINTED DIRECTIONS FOR VOTERS IN VOTING

1. The voter will go into one of the compartments and, with the pencil provided in the compartment, place a mark opposite the name

of each nominee for whom he desires to vote, but he shall not mark his ballot paper for more nominations than the number of members to be elected from the county in which he votes.

2. The voter will then fold up the ballot paper so as to conceal the marks he has placed on the face of the ballot paper and shall then leave the compartment without delay and without showing the face of the ballot paper to anyone or so displaying it as to make known how he has marked it, and then deliver the ballot paper so folded to the Returning Office or Deputy Returning Officer, as the case may be.

3. If the voter inadvertently spoils a ballot paper, he may return it to the Returning Officer of Deputy Returning Officer, as the case may be, who will, if satisfied of such inadvertence, give him another ballot paper.

4. If the voter places on the ballot paper any mark by which he may be afterwards identified or if the ballot paper has been torn, defaced or otherwise dealt with by the voter, so that he can thereby be identified, or if he marks his ballot paper for more nominees than the number of members to be elected from the county in which he votes, it is void and will not be counted.

5. No voter shall take a ballot paper out of the polling place or deposit anything in the ballot box.

(3) The Returning Officer may appoint such persons as he considers necessary to assist him and the Deputy Returning Officers in the taking of the vote.

(4) Every vote shall be by secret ballot.

(5) No person shall apply for a ballot paper or vote who is not registered under subsection 1 or subsection 2 of section 10 as a producer in the county in which he votes.

6. Upon receiving a ballot paper at a polling place the person receiving it shall vote in accordance with the printed directions for voting referred to in subsection 2.

7. The provisions of the printed directions to voters in subsection 2 have force and effect as part of this Regulation.

8. The Deputy Returning Officer shall at once deposit the ballot paper in the ballot box in the presence of the voter without unfolding the ballot paper or in any way disclosing the marks made by the voter.

22.—(1) The Returning Officer or Deputy Returning Officer at a polling place may adjourn the voting for refreshments or other purposes and, where an adjournment is made, the ballot boxes shall be sealed and shall be kept in his custody and the sealing shall not be removed from the ballot boxes until the voting resumes.

(2) At 6 p.m., or so soon thereafter as the Returning Officer or Deputy Returning Officer is of the opinion that every person entitled to vote has been given an opportunity to cast his ballot, he may close the poll and proceed with the counting of the ballots.

23.—(1) The Returning Officer or Deputy Returning Officer shall count all the ballot papers in the presence of at least two producers of hogs known to him but shall reject all ballot papers,

(*a*) that have not been supplied by him;

(*b*) by which votes have been given for more nominees than are to be elected; or

(*c*) upon which there is any writing or mark by which the voter can be identified, or that has been so torn, defaced or otherwise dealt with by the voter that he can thereby be identified,

and shall make a record of the number of votes given and allowed for each nominee.

(2) Each Deputy Returning Officer shall forthwith forward a copy of the record to the Returning Officer.

(3) The Returning Officer shall declare elected those nominees who obtained the largest number of votes up to the number of persons to be elected in respect of the county and shall notify elected nominees of their election.

(4) The Returning Officer shall retain the ballots and such other records as were furnished during the voting for such period of time as the Board determines and shall forward to the Board and the local board the names of the members elected to the Area Pork Producers' Council for the county.

(5) Where, by reason of a tie vote or other cause, the election of all members to an Area Pork Producers' Council from a county is not complete upon the counting of the ballots, the Board may, by mail, submit to all producers who voted in the county a ballot to complete the election.

24. Where a member elected to an Area Pork Producers' Council ceases to be a producer or dies or resigns before his term of membership expires, the local board may appoint a producer in the county in which the vacancy occurred to complete his term of membership.
